

LUBE-IT ALL®

LUBRICATION SPECIALTY AEROSOLS

#LA12

- Contains Molybdenum disulphide & graphite for superior lubrication
- Silicone free.
- Displaces water on surfaces and repels moisture to prevent corrosion.
- Penetrates through fine gaps to deliver a coating to assembled parts and obstructed surfaces.

#LA450

- NSF H1
- Silicone free.
- Economical general purpose lubricant.
- Penetrates and loosens dirt.
- Safe on styrenes & urethanes.
- Works on paint, metal, plastic and wood.
- Virtually odorless and tackless.

#LA525

- NSF H1
- 15% Silicone.
- Stops sticking without transfer.
- Colorless, low viscosity formula.

#WG16

- High solid, non-staining white lithium grease.
 - 3x thicker*.
 - Clings to vertical surfaces.
 - Use on chains, gears, drives, hinges and other overhead surfaces.
 - Forms a complete coating around moving parts.
 - Protects metal surfaces against rust and wear.
 - Safe on most plastics and painted surfaces.
- *Vs. competitor product.
