

CLEAN. LIKE YOU'VE NEVER SEEN.

Here's why these wipes are awesome:

2X BIGGER

Bigger, stronger and tougher by design. Tub O' Towels cleaning wipes are generously sized (10" x 12" in the 90-count tub) and made of a heavy-duty polyfiber blend, not cotton. This means they won't rip or tear.

2X STRONGER

More scrubbing power for the effort while staying gentle on hands and soft surfaces. A special fiber weave wicks up moisture, enhances scrubbing and grabs dirt. The quilted design offers cushioning and surface texture. Thanks to the combination of the two, dirt's a goner.

Every wipe comes out of the container fully saturated and ready to work hard. Thanks to the unique wicking nature of Tub O' Towels wipes, combined with just the right amount of solution in every canister, wipes are always moist, never dry. Other wipes start drying out before they even hit the shelves.

Our wipes contain aloe, vitamin E and lanolin to protect hands and leave them clean and soft. While designed to clean thousands of surfaces, there's one surface Tub O' Towels cleans especially well - your hands. No matter what you get on them, permanent marker included, Tub O' Towels will take it right off.

A heavy-gauge plastic tub and locking lid minimize solution evaporation. As much thought went into the Tub O' Towels container as the wipes themselves. The result is a tough plastic tub with a locking lid that snaps shut to create a tight seal that prevents evaporation.

Tub O' Towels provides hard-core cleaning, without the hard-core chemicals. Our high-performance blend of biodegradable detergents and emulsifiers goes to work dissolving grease and dirt, while foaming agents lift it off the surface so it can easily be wiped away.

Home

Combined with just the perfect amount of cleaning solution and elbow grease, these heavy duty cleaning wipes will be able to tackle any household mess that is left behind.

Auto

These solution soaked, heavy duty cleaning wipes feature a non-abrasive design that is the perfect match to tackle the toughest messes both inside and outside your vehicle.

Projects

Worried about trying to clean up left over paint drips after finishing a do-it-yourself remodel in your house? Worry no more as these multi purpose cleaning wipes will safely remove paint or caulk residue.

Our solution does the heavy lifting.

Here's how it works.

It actually **BREAKS** the **BOND** between dirt & surface.

- Stubborn dirt is bonded to surface.
- Cleaning agents infiltrate and break down dirt.
- Solution foams and lifts dirt.
- Dirt gets wiped away easily.

All-in-one wipe. No need for inconvenient sprays, rags or sponges.

TUB O' TOWELS®

About Us

Tub O' Towels are made in the USA and specifically designed with you in mind. We carefully thought out the formula, wipe size and cleaning experience to be optimal for your use. We understand that your needs as a customer are versatile- and so are our wipes. Use them in the garage, the home, in your art studio, to clean your car, garden tools, shoes, and pretty much anything else you can think of. Best of all, they're gentle on your hands - no gloves needed. With all of the harsh sprays and liquid cleaners on the market, we saw there was a need for an oversized, solution-soaked, tough-yet-gentle cleaning wipe. And we delivered.
